## Announcement Regarding Revision to Dividend Forecast

transcocosmos (the Company) hereby notifies that the Company resolved at the Company's board of directors' meeting held on April 30, 2024, to revise its forecast of dividend per share for the fiscal year ended March 31, 2024, the details of which are described below:

### Details of Resolution

#### 1. Reason for the Revision

Returning profits to shareholders is one of the Company's top management priorities. We have therefore adopted a dividend policy that focuses on the dividend payout ratio, which is closely related to the Company's business performance. Our fundamental policy is to increase the market value of shares by returning profits to shareholders.

In the announcement of April 28, 2023, the Company reported that the forecast dividend per share was to be determined. In line with the policy stated above, the Company has revised the dividend forecast for the current fiscal year (fiscal year ended March 31, 2024) to be 81 yen per share.

However, the Company will resolve to finalize the amount of the dividend per share at its board of directors' meeting due to be held on May 15, 2024.
